Bungee (Bunjee) Jumping Day Tour

Can you imagine how wonderful it is to jump from the safest suspension bridge to the wildest river and the wildest canyon of Bhotekoshi? Bungee (Bunjee) jumping is one of the most exciting adventurous activities in Nepal. The first bungee jumping site is 160m above the Bhotekoshi River near the Nepalese-Tibetan

border. Bungee jumping is carried out by trained experts. You will do Bungee jumping at the height of 160 meters above the Bhote Koshi River from the steel suspension bridge. The site was specially developed for bungee jumping and met all safety standards. Bungee Jump is a wild, exciting and adventurous activity and requires a lot of courage to jump from the bridge to the Bhote Koshi Gorge

Every year thousands of Adventists come to enjoy this extraordinary and exciting sport from the world. The Bhote Koshi Bunjee Jump is considered the most extreme and exciting jump in the world. The journey to this incredible jump not only includes the incredible thrill of the jump but also offers an incredible journey to explore the nature and surroundings of the river and the Bhote Koshi gorge.

You must be mentally prepared and physically healthy to jump from the remarkable 160m high slope to the Bhote Koshi River gorge. Of course, it is an exciting experience, but also full of fun and excitement. It is recommended not to take intoxicants before the jump.

This Adventures Bungee Jumping day trip begins with a scenic drive through Araniko Highway to The Last Resort. You will arrive at the last resort in about four hours from Kathmandu. Bhote Khosi River is also the best destination for the rapid rafting. After the exciting bungee jumping experience in the Bhote Koshi gorge, you will return to Kathmandu.
